Course Learning Outcomes Bachelor of Education (B.Ed.) Program

- Through the B.Ed. Programme the students will be helped to:
- understand the way learning occurs and to create plausible situation conducive to learning.
- view knowledge as personal experience constructed in the shared context of teaching-learning, rather than embedded in the external reality of textbooks.
- be sensitive to the social, professional and administrative contexts in which they need to operate;
- develop appropriate competencies to be able to not only seek the abovementioned understanding in actual situations, but also to create them.
- attain a sound knowledge base and proficiency in language; identify their own personal expectations, perceptions of self, capacities and inclinations.
- consciously attempt to formulate one's own professional orientation as a teacher in situation-specific contexts.
- view appraisal as a continuous educative process;
- develop an artistic and aesthetic sense in children through a reeducation;
- address the learning needs of all children, including those who are marginalized and disabled;
- pursue an integrated model of teacher-education for strength enable them professionalization of teachers;
